Thank You to Our Generous Sponsors

Each year, our outing has consistently grown and become much more than a day of golf. The event brings together a diverse group of individuals, all with the same goal – to raise dollars and awareness, and build relationships with people who support a common cause.

As the host, County Materials ensures that every dollar contributed goes directly to the public charities supported by the Sonnentag Foundation.

Thank you to our partners, participants, volunteers and donors for your time and generosity!
